

Fernie Freestyle Club

2024-2025 Season

Family Volunteer Requirements.

At Fernie Freestyle, we recognize the importance of making your athlete's freestyle learning experience a complete developmental experience including learning, training, competing, and most importantly having fun. To accomplish this objective, Fernie Freestyle has always depended upon

families and parents to help volunteer with several requirements around the club. We need every family helping to participate in these volunteer requirements even if it is in a minor capacity. Truly...every little bit helps!

This volunteer commitment not only ensures that our kids have the best training facilities and competitions, but is also an opportunity to socialize with your fellow freestyle parents.

There are several opportunities to help with throughout the year! Examples include:

- Competitions. We are planning on hosting a Timber Tour this coming season as well as a Regional Event and will be needing a lot of help both on snow AND off. We will do big callouts for these weekends so please watch for that.
- Club "Social events
- Fundraising initiatives, corporate sponsorship initiatives.
- Our merchandise programs
- Occasional callouts for help with the courses. (air site, mogul course) - We are also looking for volunteers to help the Air Bag steering committee as we work towards fulfilling this dream. It's a big one and we need help. - Plus, many others...

Club Wide Fundraising Campaigns:

We will be holding an annual raffle event again this year. Each family will be asked to sell one complete book of tickets, or 2 books if you have more than one child in the program. Exact prices of tickets and pricing to be announced and are part of the registration process. (If you have a great prize to donate, please let us know!)

Our silent auction is a big revenue generator (usually part of a competition banquet or other social event) Each family will be asked to donate one new item of \$50 or more. Please start canvassing your favourite vendors for items.

Who doesn't love a silent auction?

We really encourage parents to help where they can. It is a lot of fun to spend time working on the course, getting to know the other families, and creating new ski buddies that you will likely hold for life.

We do not monitor these efforts, nor do we attach a monetary obligation but emphasize that volunteering is the backbone of our organization and is a big part of the success of our club. We need everyone's help. So just ask "HOW CAN I HELP!"

Please note: Because we are a youth organization, there are a couple steps that need to be completed to welcome volunteers into the organization. These are required and help to keep our club and most important our athletes are safe. We require a police check, and all volunteers get their own Freestyle volunteer membership. We will send links in separate emails once we get rolling into the season. Thanks for our understanding and help with all this!

We are really looking forward to this upcoming season and working with you all!

Thank You!
